DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulitised coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

FRECKLES

Now is the time to get rid of these little spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these annoying spots. Simply get an ounce of ointment—double strength—from Potter Drug Co. or any druggist, and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, and in a few days have vanished entirely. It is a cream that cures more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment as this is the only one guaranteed to remove freckles—Advertisement.

Requests for lists of all Mexican claims resulting from Mexican border fighting and for damage to American property in Mexico are said to have been sent out from Washington recently.

The claims are against the Mexican government, but because of the lack of a central government the claims are to be handled by the American state department and prepared for presentation when the present revolution is at an end.

A large number of claims have been filed by local attorneys for their clients who were either injured on the border or have suffered property losses in the interior.

The two others could not be seen, as they were covered with hospital sheets and are believed to have been seriously wounded.

Three animals had been taken from the ranch of a Mexican and the thieves were reported to be taking the two more from the ranch of a Mr. Warden. The discovery led to the recovery of all the animals, but the thieves made their escape.

ROGERS CASE GIVEN TO JURY

Famous Federal Court Trial Closes With Strong Arguments for Defence.

The case of Clara L. Rogers, who has been on trial since Monday in the United States district court here on a charge of having embezzled \$25,000 from a mail pouch in the El Paso post office last September, is with the jury.

Arguments by attorneys for the defence and prosecution closed Friday morning, when Robert T. Neill, special prosecuting attorney, spoke to the jury from 9:30 to 10. He had been allowed 20 minutes in rebuttal.

H. R. Robinson, assisting in the prosecution, made the opening argument for the government and was followed by Mr. Neill. W. B. Warr, who is in charge of the defence, spoke for more than an hour in defence of Rogers and was followed by A. W. Norcor, Mass. War Charge.

During Mr. Warr's speech, he charged the government with having used unfair methods in attempting to connect his client with the alleged theft. By having arrested Rogers on a trumped up police court charge, Judge Clayton allowed the prosecution 30 minutes this morning in rebuttal.

Rogers was apparently unmoved during the arguments. His mother and sister sat beside him throughout the day.

Judge Clayton's charge to the jury was not a lengthy one and the case went into their hands shortly after 10 o'clock.
